

August 26th, 2010

JET POWER 2010 is coming.

Like every year, we will have a stand at this fantastic show.

The show will take place at Bad Neuenahr-Ahrweiler from September 17th to 19th. (www.jetpower-messe.de).

It is just the best jet show in the world, don't miss it.

AVIATION DESIGN will have a 30 m² stand in the marquee. We are very pleased to show you our latest models and products.

Congratulations to Marc Levy from France.

He made a fantastic 2nd place at the F4C championship (FAI class), ultimate scale category. The competition was held in Poland this month.

He was flying his top class ¼ scale Aviation Design Fouga Magister. He came first place 3 times in the flight category.

The scale finish of his Fouga is just amazing, with thousands of hours spent on detailing it exactly like the full sized one from the "Patrouille de France".
